

3. Type in the app you want to download

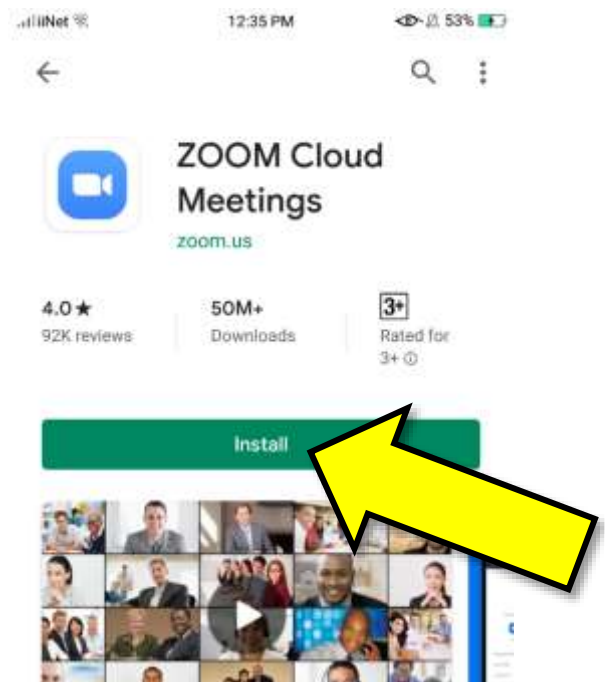

3. Press on the app you want to download

4. Once a list of options appears, click on the most relevant option

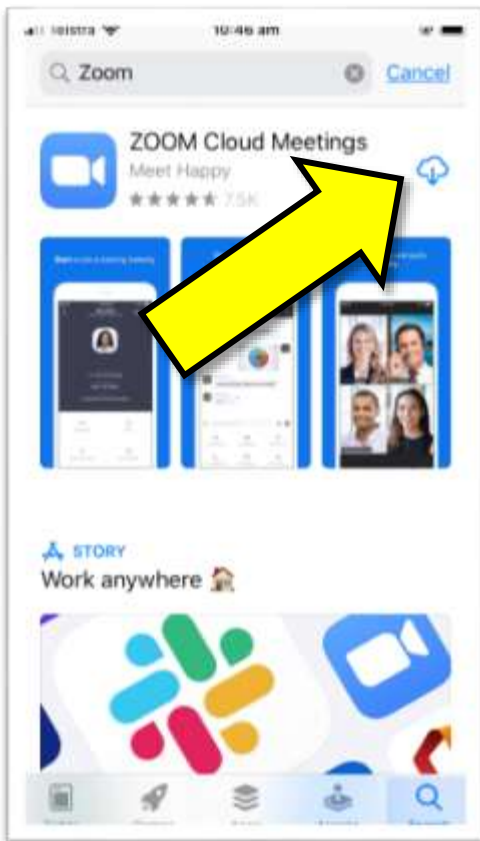

4. Press Install

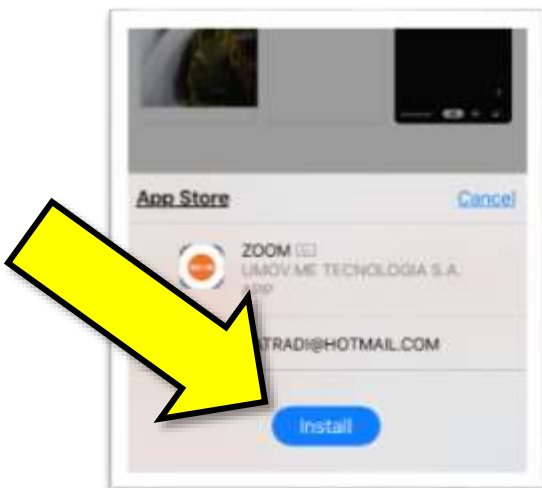

For **FREE** apps this is all you have to do.

****If the app has a cost there is an additional step.**

5. Then press on the cloud icon to download

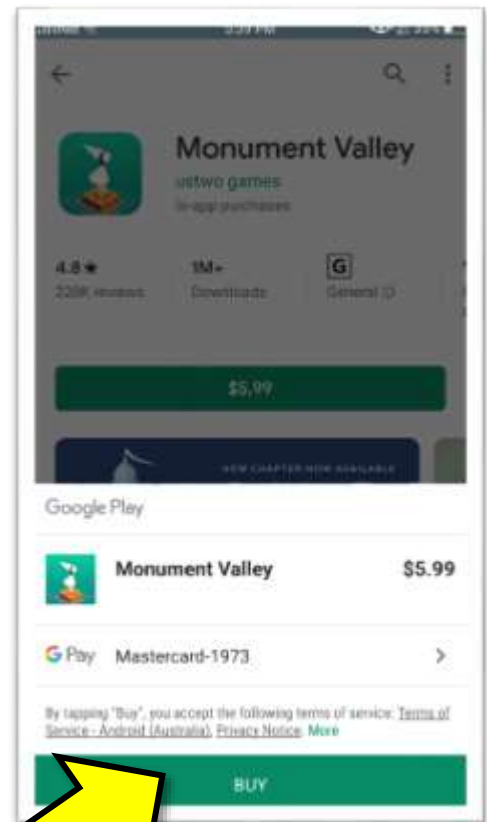

6. Next, press on the INSTALL button

** You will then be prompted to enter your Apple ID password

5. Press **BUY**
Your **G Pay** account should already be set up

6. Your app is now installed on your phone

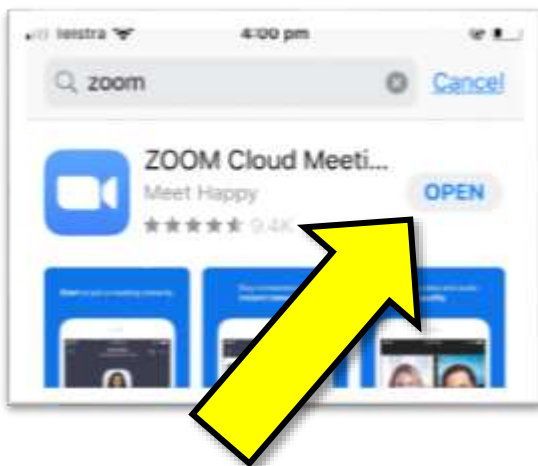

7. Enter your Apple ID if needed (it might already remember it) and password, then press Sign In

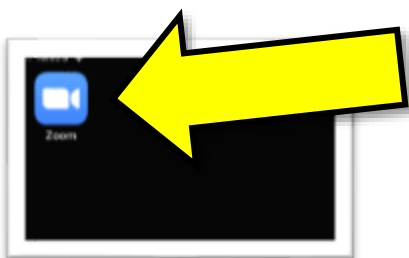

It should now start to download

When it has finished downloading you will see the **OPEN** button appear

You can now press this to open the app.
An Icon for the app will also appear on one of the pages in your menu for you to use when you want to open the app next time.

Many apps will want you to sign up. For this you can sometimes sign in using Facebook (if you have a Facebook account), or you can use your email address. You will also need to create a password for the app.
